

Inspection Camera

USES AND APPLICATIONS

Reach and Rescue's versatile Inspection Camera has multiple applications, such as body searches, weapon searches and security checks by Police and Military Services. It is used in checks by Security Officers from factory plants to incoming/outgoing haulage and the hulls of sea vessels in water. Additionally, Border Patrols can use this device to conduct checks underneath vehicles.

Above: UK Police used Reach and Rescue's Inspection Camera in a successful search for a murder weapon. Pictured right: Northern Ireland Police used Reach and Rescue's Inspection Camera to conduct security checks ahead of the G8 Summit.

HOW TO USE

The sleeve fitting is designed to slide over the pole top fitting, which secures it in place using a double sprung button mechanism.

MAINTENANCE & PRECAUTIONS

The sleeve fitting should be regularly tested on the pole top fitting, as damage will prevent the attachment from fitting securely.

Used by...

- Fire & Rescue
- Police Forces
- Search & Rescue
- BAE Systems
- UK Border Force
- Jaguar
